One baby step can become a giant leap of faith. To a person giving 1% of less of their income to the church, the idea of giving 3 to 5% or more is startling. If this is how you feel then simply consider a small baby step up. Perhaps 1/2 or 1% would also constitute a giant leap in faith.

This card is confidential and used only to plan the future of our parish.

Standards of Giving Guide

Your gift will be representative of a true Christian commitment if it is sacrificial, planned, consistent and proportionate. Please study this Standards of Giving Guide to help you determine what your present percentage is. You may want to increase your level of giving to a percentage that truly reflects a sacrificial and proportionate gift.
